

MERAKY

MADE IN ITALY WITH SOUL

COLLECTION N1

AROMA

collection

The core Meraky collection arises from the metamorphosis of coffee bags. With creative flair and artisanal know-how, Rosaria and Emilia weave a unique pattern. This is the first transformation of the material. From here, the four models of the collection are created. A bouquet of aromas to wear.

Each bag is one-of-a-kind; any variations add to the authenticity of the handmade product.
